To

All Drawing Officers.

All Treasury Officers.

To ensure the easy identification of subscribers to the State Provident Fund and the correct posting of their subscriptions in the Provident Fund Ledgers, drawing Officers are requested to comply with the following instructions, while preparing statements of deductions on account of State Provident Fund, attached to Establishment bills (Form No. 48, M. C. A. C., Vol. I, 2. State Provident Fund) :—

1. Account numbers of the subscribers should be correctly furnished and in the case of Police Constables, their number in the force should invariably be given to avoid errors in posting. In cash credit statements sent by the Treasuries, account numbers as well as the names and designations of the subscribers should be specified.

2. Whenever a new name not appearing in previous month's statement appears in any statement, the name of the District from which the person is transferred should be noted in the last Column (No. 7) intended for remarks. Similarly whenever a name appearing in the previous month's statement is for any reason—such as leave, retirement, transfer, etc.,—omitted in the subsequent month's bill the reason for such omission should be entered in the last Column (No. 7) intended for remarks.

3. Credit statements on account of Education and Military Departments should clearly mention the names of the institutions, as well as the pay of the officials concerned.

4. When manscript forms are used, care should be taken to copy out all the Columns and the name of the Fund should be boldly written on the top in red ink, so that there might be no misclassification in the Treasury accounts between the different fund heads.
